

Highfield School Safeguarding

We

want

everybody to

feel

happy,

safe

and be

treated

with

respect.

We

want to

educate

our

students

about

protecting

themselves

against

people

who

are

unkind,

or

people

who

may

cause

them

harm.

This

could

happen

anywhere,

including on

social media

(internet,

phones

and computer games.)

Sometimes

people

judge

other people

based on

their

abilities

or

disabilities,

which

is unfair.

If anyone is worried about

any of these things, they

can speak to any member

of staff in school and in

their class. We also have

worry boxes in all classrooms.

Here are some of the people

in school who can help:

Rebecca

Nicola

Anna

Jude

Here are some charities that

can

help:

Childline

Save the Children
